Pipeline Coating 2015

17-19 February 2015, Austria Trend Hotel Savoyen,
Vienna, Austria

AMI is pleased to invite you to attend the 7th international conference on pipeline protection, Pipeline Coating 2015, which will take place from 17-19 February 2015 at the Austria Trend Hotel Savoyen in the city of Vienna in Austria. The event starts on 17th February with an evening Welcome Cocktail Reception and exhibition followed by a 2-day programme.

This year there are a number of key papers from pipeline operators who are talking about their experience of pipeline protection in the field from coating selection to failure and repair. Pipeline operating conditions are becoming more extreme and high temperature and high pressure solutions are being developed for coatings and insulation, alongside protection from mechanical abrasion.

The market is growing worldwide for pipelines to secure energy and chemical supply and for carbon capture and storage. The advent of shale gas has led to new lines being planned to transport this cheap natural gas. In many geographic areas the growing population is placing high demands on water supplies and this is leading to more pipelines being built from desalination plants and other sources – special potable water coatings are available to greatly extend the lifespan of this new infrastructure.

The Pipeline Coating 2015 programme features top pipeline operators and engineers from across the world alongside leading pipe coating companies and their suppliers. This year there will be a very practical focus on coating integrity and performance from new factory coating technology right through to studies of issues in the field, and how to successfully protect joints.

Pipeline Coating 2015 provides a forum for all nations to debate common goals of improving the lifespan of vital pipelines. Join the debate and develop your network of professional expert contacts while reviewing the latest case studies and research results.

The conference sessions will be held in English and simultaneously translated into Russian.

EARLY BIRD REGISTRATION OFFER

Register before 19th December 2014 and pay €1190* saving €100* on the full price of €1290*. There are additional discounts for group bookings. The registration fee includes attendance at all conference sessions, the Welcome Cocktail Reception, lunch and refreshment breaks on both days and a set of conference proceedings.

SPONSOR THIS EVENT

A variety of sponsorship opportunities are available at this conference to help to promote and enhance your company's products and services to this highly targeted international audience. Contact the conference hotline for further information.

EXHIBITION SPACE

Make it easy for the delegates to find you at this busy event with your own table top exhibition space. Bring your own display stand or just use the space to have literature and samples available and ensure that you make an impact. **Registration includes 1 delegate place!** Space is limited so to avoid disappointment please register for this service as soon as possible.

Tuesday 17th February 2015

17.00-19.30 Registration
18.00-19.30 Cocktail Reception sponsored by:
There are no conference sessions on this day

Wednesday 18th February 2015

08.00 Registration and welcome coffee sponsored by:
09.00 Opening announcements

MARKET OVERVIEW

- 09.10 **Trends and developments in the market for steel pipe coating**
Mr. Noru Tsalic, Senior Vice President,
AMI CONSULTING, United Kingdom
- 09.40 **Shale gas exploration and production in China and the influence on the pipeline coating industry**
Mr. Wuxi Bi, Senior Corrosion Engineer, NACE CP Specialist,
PETROCHINA PIPELINE COMPANY/PETROCHINA PIPELINE
R&D CENTER, China
- 10.10 **Developments in pipeline constructions and coatings in the Netherlands**
Ir. A. M. Dam, Coordinator Corrosion Prevention,
NV NEDERLANDSE GASUNIE, Netherlands

10.40-11.10 Morning coffee sponsored by:

SESSION 1 - PRODUCTION & PROJECTS

- 11.10 **Integrating pipe manufacturing and coating: advantages and challenges of coating special steel pipes**
Mr. Arun Kumar Gupta, Chief Technology Officer,
ARCELOR MITTAL TUBULAR PRODUCTS, Kazakhstan
- 11.40 **A new concept in multi-layer coating of steel pipes**
Dr. Markus Betz, Specialist,
SALZGITTER MANNESMANN FORSCHUNG GmbH, Germany
- 12.10 **Corrosion challenges case study in a petrochemical station: pipes and storage tanks**
Eng. Johannes Manyenga, Chief Engineer,
PETROZIM LINE (PVT) Ltd., Zimbabwe

12.40-14.10 Lunch sponsored by:

SESSION 2 - JOINT COATING

- 14.10 **Offshore pipeline coating for field joints - why?**
Mr. Michael Surkein, Senior Corrosion and Materials Consultant,
EXXONMOBIL DEVELOPMENT COMPANY, United States
- 14.40 **An innovative solution for high-temperature insulation of subsea field joints and custom coating of subsea equipment**
Mr. Suresh Choudhary, Regional Technical Lead, Flow Assurance,
BREDERO SHAW, United States
- 15.10 **Case history: the use of internally applied thermoset coating systems in conjunction with flanged, welded and mechanical interference connection systems**
Mr. Robert S. Lauer, Director - Coating Technical Support,
NOV TUBOSCOPE, United States

15.40-16.10 Afternoon tea sponsored by:

- 16.10 **Advancements in joint coating technology for pre-insulated pipelines**
Mr. Paul Boczkowski, Product Manager, Insulated Pipe Products,
CANUSA-CPS, A DIVISION OF SHAWCOR Ltd., Canada
- 16.40 **Lost in the labyrinth of field applied coatings - an approach to cut the Gordian knot**
Mr. Michael Schad, Director Sales Pipelines International,
DENSO, GmbH, Germany

PROGRAMME

20.00 Conference Dinner

22.30 After Dinner Drinks Reception sponsored by:

Thursday 19th February 2015

08.30 Registration & welcome coffee sponsored by:
09.00 Opening announcements

SESSION 3 - COATING FAILURE & REPAIR

09.10 **Coating integrity issues with large diameter, thick-walled pipelines**
Mr. Irving Annan, Engineering Specialist - Materials & Corrosion, INTECSEA UK Ltd. (WORLEY PARSONS), United Kingdom

09.40 **Pipeline coating failures: an RCFA approach to consequences, recommendations and analysis**
Mr. Rehan Ahmed, Head of MCI, Operations Excellence, PETRONAS, Malaysia

10.10 **Pipeline coating repair in EX zones**
Mr. Leroy Dias, General Manager, STEELCORR DMCC, United Arab Emirates

10.40-11.10 Morning coffee

11.10 **Comparison between methods for coating survey of underground pipeline - a case study**
Mr. Hamidreza Ettelaie, Corrosion Engineer, IRANIAN OIL PIPELINE & TELECOMMUNICATION Co., Iran

SESSION 4 - HIGH PERFORMANCE COATINGS

11.40 **New potable water linings**
Mr. Antoni Prieto, R&D Manager, Protective, HEMPEL A/S, Denmark

12.10 **Dual layer fusion bonded epoxy coatings for the protection of steel pipelines**
Mr. Alexey Kataev, Segment Manager, JOTUN, Russia

12.40-14.10 Lunch sponsored by:

14.10 **Pipeline protection and materials selection: managing the limits and maximising value**
Mr. Akachidike Kanu, Process Engineer, QATAR PETROLEUM, Qatar

14.40 **Advancements in two part liquid epoxy coating**
Dr. Ing. Martin Rau, Market Development Manager, 3M ELECTRICAL MARKETS DIVISION - EUROPE/ INFRASTRUCTURE, Germany

15.10 **Validation of pipeline insulation systems for high pressure, high temperature service**
Dr. Stephen Edmondson, Principal, DEEP BAY CONSULTING, Canada

15.40 Afternoon tea

16.10 Conference ends

AMI reserves the right to alter the programme without notice.
The latest programme including any new speakers or changes to schedules can be viewed on our website www.amiconferences.com

HEADLINE SPONSOR

Bredero Shaw and **Canusa-CPS** are divisions of ShawCor LLC, an established market leader and technology innovator in the pipeline industry. **Bredero Shaw** is the global leader in pipe coating solutions for corrosion protection, flow assurance, insulation, field joint and weight coating applications for the onshore and offshore industry. **Canusa-CPS** is the market leader in field applied pipeline joint protection and insulation systems for the onshore and offshore corrosion and thermal protection application.

With over 75 manufacturing and service facilities strategically located in the fastest growing segments of the energy industry, ShawCor offer superior and unmatched products and services to the pipeline and field joint coating industry making our customers' satisfaction a ShawCor success.

FIVE GOOD REASONS WHY YOU SHOULD ATTEND:

1. Study pipeline market trends

2. Learn about innovative coatings

3. Review new opportunities

4. Hear about challenging pipeline operating conditions

5. Network with other professionals in the pipeline industry
